SULEIMAN SAIDI ABDALLAH

IT & Cybersecurity Specialist
suleimansaid21@outlook.com • +60 12-6028-506 • Malaysia

PROFESSIONAL SUMMARY

IT and cybersecurity professional with hands-on experience in technical support, incident response, and secure system integration, backed by ISC2 and Cisco (CCNA, CCST) certifications. Proven track record enforcing security protocols, reducing downtime, and training end users on cybersecurity best practices across education, enterprise, and customer-facing environments. Combines technical depth in network administration and Microsoft 365 with strong communication skills honed through sales, teaching, and client-facing roles, an unusual mix that translates complex security concepts into clear action for non-technical stakeholders. Seeking to deliver secure, scalable IT solutions in a cybersecurity or technical support role.

CORE COMPETENCIES

Incident Response • Network Administration • Vulnerability Assessment • Ethical Hacking • Microsoft 365 Administration • CRM Systems (Salesforce, HubSpot, Zoho) • HRMS Configuration • Security Awareness Training • System Integration • Client Relationship Management

PROFESSIONAL EXPERIENCE

User Client Support Specialist | Organization of Jehovah's Witnesses, East Africa *Jul 2022 – 2024*

- Delivered Level 1–2 technical support, resolving software, hardware, and network issues for end users.
- Developed and implemented incident response procedures that reduced downtime and strengthened organizational resilience.
- Conducted cybersecurity awareness training on phishing, password management, and data protection.
- Monitored network activity to detect threats and enforce compliance with security protocols.

Software Sales Executive (HRMS) | Endeavour Africa LTD *Mar 2025 – May 2025*

- Led full-cycle sales of HRMS solutions, from prospecting through closing and post-sales support.
- Delivered technical product demonstrations and training sessions, translating complex IT concepts for diverse, non-technical audiences.
- Exceeded sales targets while maintaining high customer satisfaction and retention.

Call Centre Agent | CCI Kenya *2024 – 2025*

- Resolved technical and service inquiries via inbound/outbound calls in a fast-paced support environment.
- Utilized Salesforce, HubSpot, and Zoho CRM platforms to streamline processes and maintain accurate records.
